Attach Additional Information

Students nominated will be reviewed based on the following criteria. Please address these criteria in your nomination:

Inquiry and Innovation

Please address the nominee's capacity for thoughtful reasoning. How does he/she apply this in innovative and creative ways, whether to solve problems, address issues not previously addressed or to teach and mentor others?

Character and Integrity

In what ways does this student foster an environment that cultivates individual virtues and institutional integrity? Do their actions remain consistent with their values, even when challenged?

Service

Detail how the student is active in civic-minded service within the campus and/or larger community.

Teamwork

A commitment to working collaboratively is often a hallmark of a leader. In what ways have you observed the student working as a member of a team?

Diversity

Inherent in all of these values is a commitment to diversity. Exposure to and respect for diverse beliefs, epistemologies, experiences, genetic makeup, social roles and abilities are essential.
