March 3, 2020

Dear Colleagues,

Campus leadership is working with the university and our colleagues to develop and implement continuity of operations plans for our academic, research and other programs and services as this public health issue progresses. Please monitor the university's COVID-19 update website, which serves as the WSU system's central source of updates and information on this closely monitored topic.

Read more about WSU employee FAQS, including leave and work options, here.

Sincerely,

Daryll DeWald
Vice President for Health Sciences, Chancellor
WSU Health Sciences
